

DHAVAL SHASHIKANT MARU

Senior Laravel Developer

Ahmedabad, Gujarat | +91 99747 50430 | dhavalmaru0802@gmail.com | [LinkedIn](#) | [GitHub](#) | Portfolio

PROFESSIONAL SUMMARY

Backend Software Engineer with 4+ years of experience in Laravel, PHP, Livewire, Filament, REST APIs, MySQL, PostgreSQL, and Linux. Specialized in developing scalable ERP systems, warehouse management software, and production-ready business applications.

EXPERIENCE

ADS VIZION | Senior Software Engineer

Jan 2024 – Present

- Led backend development for multiple Laravel applications from architecture to deployment.
- Developed ERP, warehouse management and business automation platforms.
- Designed scalable MySQL and PostgreSQL databases.
- Built REST APIs for internal and external integrations.
- Mentored junior developers and conducted code reviews.
- Managed Linux VPS deployments using Git and Nginx.
- Improved application performance through query optimization and backend refactoring.

PATHIK DESIGNS | Junior Software Engineer

Jul 2022 – Dec 2023

- Developed Laravel web applications for multiple client projects.
- Built CRUD modules, authentication systems and REST APIs.
- Worked on frontend development using Bootstrap, JavaScript and jQuery.
- Maintained MySQL databases and optimized queries.
- Resolved production issues and participated in deployments.

PROJECTS

WareViz – Warehouse Management System | Laravel • Livewire • MySQL • REST API

- Developed a warehouse management system with inventory tracking, truck loading/unloading, real-time stock visibility, and reporting.
- Implemented role-based authentication and REST APIs for seamless system integrations.
- Optimized MySQL performance and managed a 2GB+ production database.

ShipViz – CHA Office Operations System | Laravel • PostgreSQL

- Built a CHA office management system automating customer management, documentation, shipment tracking, and business workflows.
- Designed scalable PostgreSQL databases, internal REST APIs, and operational reporting dashboards.
- Managed a 5GB+ production database with optimized performance and data integrity.

Fur Babies – Pet Spa & Salon Management | Laravel • Filament

- Developed a pet spa management platform with appointment scheduling, customer management, billing, and pet records.
- Built a Filament admin panel with dashboards for appointments, revenue, and business insights.
- Digitized daily operations to improve efficiency and customer management.

Texpoly Impex & Texwool Spinners – ERP & Business Automation | Laravel • PostgreSQL • Filament

- Developed a custom ERP with modules for inventory, orders, production, customers, and reporting.
- Designed scalable PostgreSQL databases and Filament admin panels with optimized performance.
- Implemented role-based access, approval workflows, and audit trails for secure operations.

CMS-Based Website Platform | Laravel • Filament • MySQL

- Built a reusable CMS platform powering multiple business websites with dynamic pages, blogs, SEO, and media management.
- Developed configurable Filament admin panels and reusable modules for rapid website deployment.
- Integrated third-party services and optimized websites for performance, responsiveness, and SEO.

SKILLS

- Backend:** PHP, Laravel, Livewire, Filament, REST APIs, Authentication, Authorization, Queues, Broadcasting
- Database:** MySQL, PostgreSQL, MongoDB
- Frontend:** ReactJS, Blade, NextJS, Tailwind
- DevOps:** Linux, Nginx, Git, GitHub, CI/CD,
- Concepts:** SOLID Principles, Design Patterns, MVC Architecture, Database Design, API Development

EDUCATION

New L.J. Institute of Engineering and Technology, Ahmedabad

B. E. Computer Science Engineering (AIML)

2024

CGPA: 8.8
